PlugStar - Plug In America's integrated dealer engagement program - supplements model-specific dealer training with broader EV category training covering key topics and customer questions common to all EVs. It further equips sales staff with effective EV selling points, online resources and expert support to help EV customers - and the dealers that serve them - navigate charging, equipment installation and the patchwork of public incentives to make the switch to electric driving simpler. PlugStar.com, a "one stop shop" for all things EV, reaches 1,000 consumers on average daily while serving as a training aid to dealers and converting engaged consumers through both offline and online recruitment channels, to real leads for accredited dealers. PlugStar produces real-world results, engaging more EV dealers and driving EV sales incrementally higher. Our very first training-only pilot launched in 2016 with SDG&E saw participating dealerships deliver 6.5% more EVs than a control group of similar area dealers. The program has since grown to encompass an array of resources for dealers and customers, including informative collateral such as a glovebox EV welcome kit, a mobile-friendly EV portal, and help-line support. PlugStar supported dealers now sell between four and five times more EVs than their untrained counterparts. Over 99% of participants recommend our training to other sales staff. The program works because it fits neatly within the dealer's business model, providing a turn-key, yet flexible, platform to accommodate a diversity of dealer profiles.

National Drive Electric Week (NDEW) and Drive Electric Earth Day (DEED) are annual, nationwide celebrations to heighten awareness of today's widespread availability of plug-in vehicles and highlight the benefits of all-electric and plug-in hybrid-electric cars, trucks, motorcycles, and more. Events are organized by volunteers and various organizations to showcase a wide variety of EVs and educate the public about EVs, charging, and purchase and charging incentives. Plug In America, Sierra Club, and Electric Auto Association are the national organizers of NDEW and DEED, and provide support to all volunteers via a free online event page, printed materials press contacts, educational webinars, and other online resources. Various organizations sponsor NDEW and DEED nationally, regionally, and locally every year. National Drive Electric Week (NDEW) occurs around September of every year. The program began in 2011 as National Plug In Day with the simple idea to hold simultaneous events across the country on the same day and, by popular demand we have expanded to an entire week of events and changed the name to emphasize the thing we all want to do: drive electric. We expect National Drive Electric Week 2020 will again grow to include more events in more cities with more drivers reaching out to share the many advantages of driving electric with the public. Each event is led by local plug-in drivers and advocates and typically includes some combination of EV parades, ride-and-drives, electric tailgate parties, press conferences, award ceremonies.

**4c** (Code: ) (Expenses \$ 492,291. including grants of \$ ) (Revenue \$ 218,590.)

Policy Program: Overall, 2019 was a year of taking ground for supportive EV policy, but also defending policies already put in place. Major policy highlights in 2019 included Colorado adopting the zero-emission vehicle (ZEV) mandate, which allows for consumers to have a greater selection of EV makes and models available to purchase in-state, and also Minnesota and New Mexico announcing their intent to adopt the ZEV mandate as well. The decade concluded with many policymakers aware of the fact that the future of transportation is electric and EVs are here to stay, thanks to our educational efforts. At the federal level, Plug In America's priority remained to educate on the importance of purchase incentives for consumers for EVs, namely for the federal EV tax credit to work for more drivers for a longer period of time. To this end, we hosted our third annual Senate EV ride and drive to educate about EVs, we educate Members of Congress on EV policy items to include in any infrastructure package and we joined the EV Drive Coalition. We also supported the Driving America Forward Act, which ultimately had over 130 co-sponsors. We informed policymakers the importance for an extension of the EV tax credit for consumers, and how this tax credit grows adoption of these clean vehicles. At the regulatory level, Plug In America conducted educational events at a number of utility commissioner conferences around the country on the importance of utilities preparing for electric transportation.

Part II-B, Line 1, Lobbying Activities: This represented a very minimal amount of staff time and resources in light of the fact that Plug In America is a 501c3 and not a c6. Plug In America most often serves as the resource on market data and the consumer voice to educate elected officials and policymakers, but leaves the specific lobbying on certain bills to other groups in-state. However, Plug In America did send out action alerts to our members in Washington state to support a sales tax exemption bill for EV consumer. We supported EV purchase incentive legislation in Georgia and Washington. We engaged with the Transportation Climate Initiative (TCI) process in the northeast, which is a policy mechanism to reduce emissions from the transportation sector, similar to the low carbon fuel standard policy on the west coast. Plug In America became more active in the Midwest with policy activity, building our network and educating policymakers at the state and

local levels. We also expanded our presence in the southwest and hosted the Arizona Transportation Electrification Forum with partners, and educated policymakers at the state and local levels in New Mexico and Nevada too. Plug In America were active in a number of states ensuring that EVs were not assessed a punitive registration fee, ultimately successful in some states but not in others. We had our EV consumer send petitions in support of the clean car standards. We finally saw regulations adopted for legislation that Plug In America sponsored in 2013 in California, the EV Charging Stations Open Access Act; the regulations are intended to ensure that all drivers of EVs are able to access publicly available charging stations regardless of membership status.

Form 990, Part I, Line 1, Description of Organization Mission: Plug in America is a non-profit, supporter-driven advocacy group. We are the voice of plug-in vehicle consumers across the country. Our mission is to drive change to accelerate the shift to plug-in vehicles powered by clean, affordable, domestic electricity to reduce our nation's dependence on petroleum, improve air quality and reduce greenhouse gas emissions. We help consumers, policymakers, auto manufacturers and others to understand the powerful benefits of driving electric. We provide practical, objective information to help consumers select the best plug-in vehicle for their lifestyles and needs. Plug In America founded National Drive Electric Week, the world's largest celebration of the plug-in vehicle, which welcomed about 200,000 attendees across more than 300 events in 2019, spanning all 50 states.

Form 990, Part III, Line 1, Description of Organization Mission: to help consumers select the best plug-in vehicle for their lifestyles and needs.

Form 990, Part III, Line 4d, Other Program Services: Ride and Drive Events: Plug In America's (PIA) ride and drive events provide a hands-on driving and/or riding experience in plug-in electric vehicles along with EV education by trained PIA staff members. Events are generally held a part of larger, existing community events or in a workplace. At each event, multiple dealers are recruited to provide EV rides and test drives. PIA staff members are on site at a booth with EV educational materials, ready to answer any questions the public has about driving electric. We aim to provide at least 50 combined EV test drives and rides at each event. So far, this goal has been achievable and we have surpassed it at many events. In 2019, we completed 5 EV test drive events for Southern California Edison, 5 events for Liberty Hill Foundation, and worked with many other funders to organize more than 15 EV test drive events. The program is progressing well with more funders expressing interest and providing support for additional EV test drive and ride events.

Expenses \$ 192,636. Including Grants Of \$ 0. Revenue \$ 69,551.

Form 990, Part VI, Section B, Line 11b: The Form 990 is prepared by the Director of Finance and Administration and reviewed by an outside CPA firm for review and approval by the Finance Committee of the Board. Once approved by the Finance Committee, it is distributed to the full Board and reviewed and signed by the Executive Director before submission.

Form 990, Part VI, Section b, Line 12c: Members of the board of directors are annually required to submit a form in which they disclose any interests that could give rise to conflicts.
