**LEVEL 1  STANDARD OUTLET**

- Plug into a standard 120V wall outlet
- Connector provided with most EVs
- Great for overnight or workplace charging
- Ideal for typical commutes (up to 40 miles)

**LEVEL 2  240 VOLT OUTLET**

- Faster charging for longer drives
- Provides a full charge for most EVs in:
  - 4-8 hours empty to full charge
  - 1-2 hours empty to full charge

**DC FAST CHARGE**

- Much faster charging at public locations
- 3 different connectors depending on vehicle:
  - CCS Combo Up to 160 miles in 20 minutes
  - CHAdeMO Up to 67 miles in 30 minutes
  - Tesla Supercharger Up to 200 miles in 20 minutes

**EDUCATE | ADVOCATE | RESEARCH**

Founded in 2008, Plug In America is a nonprofit organization serving and representing prospective and current EV drivers.

- We fight for pro-EV policies, including tax credits, and educate policymakers about the true owner experience. Join our network to take action.
- We present hundreds of EV events across the country each year to educate Americans about the benefits of driving electric.
- Our PlugStar EV Shopping Assistant and EV Support Program make it easy for drivers to switch to clean EVs.

**EV Support Program**
Plug in America’s EV Support Program can answer all of your EV-related questions about charging, incentives and more.

**Incentives**
Many electric vehicles are eligible for a federal tax credit of up to $7,500. Additional incentives may be available in your area from your state, utility provider or another entity. Visit PlugStar.com to learn more.

**Charging**
Get equipped for charging at home and find a qualified electrician. Plus, find public charging in your area at PlugStar.com.

**Used Electric Vehicles**
Used EVs can be a more economical option, given fewer moving parts. Download our Used EV Buyer’s Guide on PlugInAmerica.org.
